Sarah, I'm just pulling materials together for you for the general today. This production is 125 pages of correspondence between us and the requestors. Do you want me to print it?

Thanks,

Sarah,

Northwest Environmental Advocates submitted a FOIA request for documents related to EPA's May 31, 2017 denial of a petition submitted by NWEA on October 28, 2013 by letter from Michael H. Shapiro, Acting Assistant Administrator. The petition pertained to rulemaking on water quality criteria for toxics in the State of Washington.

The six responsive documents (attached) that are part of this interim release are letters to and from the petitioner as well as the temporary delegation from the Administrator to Mike Shapiro. These are all documents that are already in the public domain. I asked about the delegation and according to OGC, an order from the Administrator delegating authority to Mike is a final order of the Agency. It's not deliberative. We've released similar orders to the public recently.

Please advise as to what further review, if any, is needed for this interim release.
